

TRENDS IN MARITIME TRAINING

Presented at the
California Maritime Leadership Symposium

In collaboration with Maritime Transportation Security Associates, LLC

Courses and Curricula

- **Today –**
 - Generally focused on particular regulation (e.g. 33 CFR, Subchapter H/STCW, etc.).
 - Delivered by few qualified providers.
- **Tomorrow –**
 - Focused on statewide discipline requirements that can also satisfy Federal regulation.
 - Delivered by qualified providers through regional channels.

2

Goals

- **Better resource preparation**
- **Reliable funding sources for sustainability in a shrinking funding pool**
- **Statewide support**
- **A safer, more secure Maritime environment to support the State's economic goals.**

5

Conclusions

- **More Integrated Training**
- **Leading the approval/certification process**
- **Eliminate silos**
